Resolution on the SUNY Value-Added Assessment MOU

On October 21, 2003 the Faculty Congress of the State University of New York College of Agriculture and Technology at Morrisville drafted the following statement:

Be it resolved that:

- The faculty of Morrisville State College recognizes the passage of the resolution by the Board of Trustees on June 17, 2003, as a breach of its partnership with the University's faculty to provide the best possible education for its students, and that
- The faculty of Morrisville State College cannot support any system-wide assessment without having a detailed analysis of its cost, feasibility, and effectiveness to both the campuses and to SUNY Systems Administration, and that
- The faculty of Morrisville State College cannot support participation in any system-wide assessment that has not been approved by the majority of the faculty of the 64 campuses of the State University of New York, and that
- The faculty of Morrisville State College continues support for existing campus-based assessment, BUT emphatically opposes the trustees' resolution of June 17, 2003, urges that it be withdrawn, and encourages the University Faculty Senate to defend academic diversity.
