Resolution — Minor in Economics

WHEREAS, The PEL Department has found sufficient student interest in an economics minor, and

WHEREAS, The proposed minor fits complementarily into the Department's current offerings using courses already regularly offered and only two courses which are planned to be required for a future BS degree in economics, and

WHEREAS, The proposed also minor fits well with the Department's faculty interests, and

WHEREAS, The proposed minor will be the beginning for the already approved letter of intent for an undergraduate economics major, and

WHEREAS, The proposed minor is a foundational piece of liberal arts colleges and is an important subject for business majors, and

WHEREAS, The proposed minor's courses are both standard for an economics minor and reflect the College's mission.

THEREFORE, BE IT RESOLVED That the Senate approves the economics minor.

Approved by CAP for submission to Senate, May 11, 2018
