# Budget Overview

---

- New York State predicts continuation of the unprecedented revenue losses due to the effects of the September 11, 2001 attacks and the ongoing impact of the national economic slowdown.
- Consistent with the Budget Director's call letter, the 2003-04 budget request holds State tax spending to the current year's level.
- To the extent that resources are available, the University requests funds to meet the rising costs of continuing current operations.
- The campuses request the appropriation authority to spend more of their own income in self-supported funds.
- The hospitals need greater flexibility, access to capital and other actions to achieve financial stability.

# 2003-04 Budget Requirements: State Operated and Statutory Colleges (millions of dollars)

- State University requests that the Core Instructional Budget remain at the current year's level, to meet current operations and preserve gains in academic quality.
- To the extent additional resources are available, funds would be used to meet the following costs of continuing current operations beyond the current year's level:
 

✓ Collective Bargaining Increase (to be paid as scheduled)	\$ 18.7
✓ Prior Years' Enrollment Growth and Increased Retention	\$ 7.0
✓ Inflation	\$ 17.5
✓ Quality Improvement Initiatives (Increased support for merit scholarships, honors programs and competitive faculty awards)	\$ 5.0
✓ Campus Development Funds (e.g., Agriculture and Technology Colleges, Old Westbury)	\$ 8.4

# 2003-04 Budget Requirements: Community Colleges (millions of dollars)

---

- State University requests that funding remain at current levels to meet current operations and preserve access.
- To the extent resources are available, additional funds would be used to meet the following costs of continuing current operations:
  - ✓ Prior Years' Enrollment Growth \$ 26.7
  - ✓ Rental Aid \$ 2.9

## Other Funds

---

- State University seeks additional spending authority for its self-supported programs - no State tax dollar support:
  - ✓ Campuses continue to expand self-funded activities
  - ✓ Appropriation requested to match anticipated spending
- An increase is requested in the University's fringe benefit fund (General State Charges) to reflect higher participation and collective bargaining increases.
- Authorization is sought to finance residence halls rehabilitation and new facilities using rental income.

# Hospitals

---

- Based on the Governor's recommended 2002-03 budget, the Legislature continued \$92.1 million of State support to offset the cost of being a State agency.
- The State advanced the 2003-04 disproportionate share payments to assist the hospitals in maintaining a positive cash flow until strategic plans and investments can be implemented.
- Hospitals still require increased operational flexibility and access to capital.
- The hospitals repaid \$14.7 million of their STIP loan obligation in 2002-03.
